

# Respiratory Syncytial Virus:

How you can advocate for babies this RSV season

Track national data and trends at the CDC's website  
[www.cdc.gov/rsv](http://www.cdc.gov/rsv)

Identify the babies at greatest risk

including those with CLD, BPD, CF, and heart conditions

Teach families how to protect

their babies from respiratory infections

Advocate broader insurance coverage for palivizumab prophylaxis so more babies can be protected \*

Use your best clinical judgement

when prescribing RSV prophylaxis

Tell insurers what families need

and provide the supporting evidence

\*See the NPA's evidence-based guidelines at  
[www.nationalperinatal.org/rsv](http://www.nationalperinatal.org/rsv)
