

2023-2024 Post-Doctoral Fellowship UCLA Nathanson Family Resilience Center

The NFRC is now accepting applications. *Applications will be reviewed beginning December 4, 2023, on a rolling basis until filled.*

The UCLA Nathanson Family Resilience Center (NFRC) offers clinical and research post-doctoral training in family-centered care for families facing adversity. The NFRC uses innovative, science-driven approaches to support families in building upon their strengths to overcome a variety of challenges. By bridging the gap between research and practice, the center promotes healthy child and family development and addresses long-standing disparities in access to high-quality prevention and intervention programs.

Requirements include: a Ph.D./Psy.D. in Clinical, Counseling or School Psychology from an APA accredited program, with an APA-approved internship (child specialization is required). These two-year fellowships are renewable upon satisfactory completion of the first year. Annual stipend is \$53,760 and fringe benefits are very competitive.

The **Lezlie and Richard Atlas Fellowship in Early Childhood and Integrated Care** focuses on early intervention and prevention efforts for young children and their families. Clinically, the fellow will work directly with families with a baby born into the UCLA Neonatal Intensive Care Unit during [hospital visits, office visits, and telehealth sessions](#). The fellow will also work closely with medical providers and the hospital system to provide staff education on [trauma- and resilience-informed care](#). Fellows have an opportunity for an elective in [STAR Clinic](#), [PCIT Clinic](#) or the [DMH+UCLA Early Childhood Fellowship](#). Curriculum development, program evaluation, outreach, supervision of junior trainees, and training facilitation are integral to the experience. Fellows benefit from seminars on intervention research methods, grant writing, supervision of supervision, and professional development.

Interested candidates should send a cover letter with their statement of research and clinical interests and goals, curriculum vitae, and three (3) letters of recommendation to Dr. Catherine Mogil at CMogil@mednet.ucla.edu.
